Includes 2 playalong CDs.

The purpose of this book is to provide the student with a comprehensive series of musical rhythms and phrases that will help develop technique, drum set control and provide a steady flow of new ideas to be used for creative musical applications. As students will be approaching this text from different performance levels, we have included many variations that can be applied to students at any stage of development. The Systems include practical patterns in Jazz, Rock, Afro-Cuban and Latin Styles. The exercises and phrases provide rhythms for musical growth and creativity within these styles. We have also listed a wide range of possible variations for each section. It is left to the student and instructor to determine which variation will provide the most benefit. We hope these exercises will provide you with countless possibilities for mastery and inspiration.

A professional rhythm workbook researched from commercially released records as played by today's top studio drummers. The styles covered include commercial funk rhythms, reggae (authentic and funk), unusual time signatures, funk sambas, southern funk beats, and fusion funk.

This comprehensive book & CD set can help drummers and bassists gain valuable playing experience in jazz, funk, and Latin jazz styles. The CD features 16 play-along tracks with parts and playing suggestions for each tune. Jazz classics by John Coltrane, Miles Davis, Herbie Hancock, and Sonny Rollins are included along with funk tunes by Pee Wee Ellis, Russell Ferrante, and others. The book explains in detail how to play in bands and how to practice effectively. Reading topics include jazz history, chart reading, feel, song form, and musician's vocabulary. The rhythm section includes Berklee faculty bassists Bruce Gertz, Oscar Stagnaro, Bruno Raberg, and Anthony Vitti. Soloists are Billy Pierce, Hal Crook, Ken Cervenka, and Walter Beasley. Educators may also benefit by referring students to the carefully notated rhythmic feels.

Burt Korall is widely recognized as the most authoritative writer on jazz drumming. His first book *Drummin' Men--The Heartbeat of Jazz: The Swing Era* is considered a classic. Now, in this exciting sequel, Korall offers a richly informative history of drumming in the Bebop era. Korall looks at this music through the eyes of the musicians themselves, covering a whole range of important jazz drummers, but focusing upon the most original and significant--principally Kenny Clarke, Max Roach, and Art Blakey. Korall provides a knowledgeable background about the history of bebop--and the unfortunate and almost universal heroin addiction that swept through the jazz world in the wake of Charlie Parker's habit. The book contains Korall's own memoir of nearly 50 years in the jazz world, linked by his narrative of the careers of these drummers and their place in the bebop jazz scene.

When the African-American dancer Josephine Baker visited Berlin in 1925, she found it dazzling. "The city had a jewel-like sparkle," she said, "the vast cafés reminded me of ocean liners powered by the rhythms of their orchestras. There was music everywhere." Eager to look ahead after the crushing defeat of World War I, Weimar Germany embraced the modernism that swept through Europe and was crazy over jazz. But with the rise of National Socialism came censorship and proscription: an art form born on foreign soil and presided over by Negroes and Jews could have no place in the culture of a "master

race." In *Different Drummers*, Michael Kater--a distinguished historian and himself a jazz musician--explores the underground history of jazz in Hitler's Germany. He offers a frightening and fascinating look at life and popular culture during the Third Reich, showing that for the Nazis, jazz was an especially threatening form of expression. Not only were its creators at the very bottom of the Nazi racial hierarchy, but the very essence of jazz--spontaneity, improvisation, and, above all, individuality--represented a direct challenge to the repetitive, simple, uniform pulse of German march music and indeed everyday life. The fact that many of the most talented European jazz artists were Jewish only made the music more objectionable. In tracing the growth of what would become a bold and eloquent form of social protest, Kater mines a trove of previously untapped archival records and assembles interviews with surviving witnesses as he brings to life a little-known aspect of wartime Germany. He introduces us to groups such as the Weintraub Syncopators, Germany's best indigenous jazz band; the Harlem Club of Frankfurt, whose male members wore their hair long in defiance of Nazi conventions; and the Hamburg Swings--the most daring radicals of all--who openly challenged the Gestapo with a series of mass dance rallies. More than once these demonstrations turned violent, with the Swings and the Hitler Youth fighting it out in the streets. In the end we come to realize that jazz not only survived persecution, but became a powerful symbol of political disobedience--and even resistance--in wartime Germany. And as we witness the vacillations of the Nazi regime (while they worked toward its ultimate extinction, they used jazz for their own propaganda purposes), we see that the myth of Nazi social control was, to a large degree, just that--Hitler's dictatorship never became as pure and effective a form of totalitarianism as we are sometimes led to believe. With its vivid portraits of all the key figures, *Different Drummers* provides a unique glimpse of a counter-culture virtually unexamined until now. It is a provocative account that reminds us that, even in the face of the most unspeakable oppression, the human spirit endures.

Miscellaneous Percussion Music - Mixed Levels

In 1942, drummer Viola Smith sent shock waves through the jazz world by claiming in *Down Beat* magazine that "hep girls" could sit in on any jam session and hold their own. In *Women Drummers: A History from Rock and Jazz to Blues and Country*, Angela Smith takes Viola at her word, offering a comprehensive look at the world of professional drumming and the women who had the courage and chops to break the barriers of this all-too-male field. Combining archival research with personal interviews of more than fifty female drummers representing more than eight decades in music history, Smith paints a vivid picture of their struggles to overcome discrimination--not only as professional musicians but in other parts of their lives. *Women Drummers* outlines the evolution of female drumming from pre-biblical times when women held important leadership roles to their silencing by the church during the Middle Ages to spearheading the fight for women's rights in the modern era. The stories and personal accounts of female drummers who bucked tradition and societal norms are told against the backdrop of the times in which they performed and the genres they represented, from rock and jazz to blues and country. Although women have proven time and time again that they can more than hold their own against their male counterparts, female drummers not only remain a minority, but their contributions have been obscured by the traditional chauvinistic attitudes in the music business and gender stereotypes that surround the drum itself as a "male" instrument. *Women Drummers* takes a major step forward in undoing this misconception by acknowledging the talent, contribution, and growing power of women drummers in today's music environment.

(Book). Chad Smith's career has been well documented, and his five *Modern Drummer* cover features have provided a detailed commentary and an array of unique photos. All of this is collected in *Chad Smith Legends*. But there is a lot that Chad hasn't talked about ... yet. A brand-new interview breaks down his approach like never before. He talks about his favorite music, the roots of Detroit drumming, and the importance of playing music with absolute conviction. Chad talks about the differences between playing in the Red Hot Chili Peppers, Chickenfoot, and on his many sessions. Apart from Chad's own words, *Chad Smith Legends* also includes 12 new drum transcriptions. Within these 112 pages with color throughout, music lovers and musicians alike will be inspired by Chad's thoughts on music, his drumming peers and influences, his equipment, and never-before-seen photos from his own collection.
