Krugman & Obstfeld, Study Guide for International ...

International Economics: Theory and Policy provides engaging, balanced coverage of the key concepts and practical applications of the two main topic areas of the discipline. For both international trade and international finance, an intuitive introduction to theory is followed by detailed coverage of policy applications.

International Economics: Theory and Policy (10th Edition) ...

For anybody - but especially students - interested in exploring the subject of international economics, this is the book to start with. It is illuminating (as it is always the case with Krugman's writings) on otherwise technical concepts as comparative advantage, trade policy and exchange rate determinants, but it is also entertaining, with its "reality checks".

Amazon.com: Customer reviews: International Economics ...
