The Art Of War: The Oldest Military Treatise In The World (1910) by Sun Tzu and Lionel Giles | Sep 10, 2010. 2.9 out of 5 stars 4.

The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, The Art of War is a must-read for anybody who works in a competitive environment.

Unlike most editions of Sun-tzu's valuable text currently available (many simply retreads of older, flawed translations), this superb new translation makes use of the best available classical Chinese manuscripts, including and ancient "tomb text" version discovered by archaeologists at Linyi, China. Maps.

"Written nearly 2,500 years ago, The Art of War contains not only wisdom on war, but also on the science and skill of maneuver and strategy that are still relevant today. Not only for military people who wage war on battlefields, this book is appropriate for business leaders who wage battles in the corporate world, martial artists, spiritual leaders, and those who rely on their street smarts. Included are compact teachings on resourcefulness, momentum, integrity, secrecy, positioning, surprise, deception, manipulation, and responsibility. This translation provides commentary and interpretations for the modern reader."

Widely regarded as "The Oldest Military Treatise in the World," this landmark work covers principles of strategy, tactics, maneuvering, communication, and supplies; the use of terrain, fire, and the seasons of the year; the classification and utilization of spies; the treatment of soldiers, including captives, all have a modern ring to them.

The original and bestselling leadership book! Sun Tzu's ideas on survival and success have been read across the world for centuries. Today they can still be applied to business, politics and life. The Art of War demonstrates how to win without conflict. It shows that with enough intelligence and planning, it is possible to conquer with a minimum of force and little destruction. This luxury hardback edition includes an introduction by Tom Butler-Bowdon that draws out lessons for managers and business leaders, and highlights the power of Sun Tzu's thinking in everyday life.

Sun Tzu's The Art of War is still one of the world's most influential treatises on strategic thought. Applicable everywhere from the boardroom to the bedroom, from the playing field to the battlefield, its wisdom has never been more highly regarded. Now available in its complete form, including the Chinese characters and English text, this essential examination of the art of strategic thinking features extensive commentary and an insightful historical introduction written by Lionel Giles, its original translator. This new edition includes an all-new introduction by the scholar of ancient Chinese literature, John Minford.

Two classic works of military strategy that shaped the way we think about warfare: The Art of War by Sun Tzu and On War by Karl von Clausewitz, together in one volume "Civilization might have been spared much of the damage suffered in the world wars . . . if the influence of Clausewitz's On War had been blended with and balanced by a knowledge of Sun Tzu's The Art of War."-B. H. Liddel Hart For two thousand years, Sun Tzu's The Art of War has been the indispensable volume of warcraft. Although his work is the first known analysis of war and warfare, Sun Tzu struck upon a thoroughly modern concept: "The supreme art of war is to subdue the enemy without fighting." Karl von Clausewitz, the canny military theorist who famously declared that war is a continuation of politics by other means, also claims paternity of the notion "total war." On War is the magnum opus of the era of the French Revolution and the Napoleonic wars. Now these two great minds come together in a single volume that also features an introduction by esteemed military writer Ralph Peters and the Modern Library War Series introduction by Caleb Carr, New York Times bestselling author of The Alienist. (The cover and text refer to The Art of War as The Art of Warfare, an alternate translation of the title.)

Strategies and Tactics for the Master Novelist Successfully starting and finishing a publishable novel is often like fighting a series of battles. You not only have to work hard to shape memorable characters, develop gripping plots, and craft dazzling dialogue, but you also have to fight against self-doubts and fears. And then there's the challenge of learning to navigate the ever-changing publishing industry. That's why best-selling novelist James Scott Bell, author of the Write Great Fiction staples Plot & Structure and Revision & Self-Editing, came up with the ultimate novel-writing battle plan: The Art of War for Writers. You'll find tactics and strategies for idea generation and development, character building, plotting, drafting, querying and submitting, dealing with rejection, coping with unrealistic expectations, and much more. With timeless, innovative, and concise writing reflections and techniques, The Art of War for Writers is your roadmap to victory.

Composed by two prominent statesmen-generals of classical China, this book develops the strategies of Sun Tzu's classic, The Art of War , into a complete handbook of organization and leadership. The great leaders of ancient China who were trained in Sun Tzu's principles understood how war is waged successfully, both materially and mentally, and how victory and defeat follow clear social, psychological, and environmental laws. Drawing on episodes from the panorama of Chinese history, Mastering the Art of War presents practical summaries of these essential laws along with tales of conflict and strategy that show in concrete terms the proper use of Sun Tzu's principles. The book also examines the social and psychological aspects of organization and crisis management. The translator's introduction surveys the Chinese philosophies of war and conflict and explores in depth the parallels between The Art of War and the oldest handbook of strategic living, the I Ching (Book of Changes).

An entertaining graphic adaptation of the oldest military treatise in the world. Hailed as the oldest philosophical discussion on military strategy, Sun Tzu's The Art of War has been adapted as a graphic novel by award-winning illustrator Pete Katz. In this collectible thread-bound edition, the narrative focuses on a teacher instructing a pupil on the main points of Sun Tzu's treatise, with vibrant battle scenes interspersed throughout. Issues such as planning, tactics, maneuvering, and spying are demonstrated in the full-color scenes, so that readers can envision how military goals are achieved using principles from the fifth century BC.
